CONFIDENTIAL

MEMORANDUM FOR: Chief, Inspection and Review Staff

SUBJECT : Clandestine Services Publications

1. There is attached a copy of the Inspector General's non-concurrence in a recently proposed change to [REDACTED] Travel Regulations, Baggage, and a copy of my reply to the Inspector General. Although I do not believe the Inspector General's comments support a nonconcurrence to the Regulation, I think they do point up a condition which should be corrected, i. e., conflicts between Clandestine Services publications and Agency Regulations. [REDACTED] is obsolete and could cause considerable difficulty to DD/P personnel who must be governed by Agency Regulations. 25X1A 25X1A

2. Since our Agency Regulations are greatly refined over what they were five years ago and are more complete and comprehensive than they have ever been, I suggest that you may find less and less need for Clandestine Services publications on purely administrative matters. It would appear that our problem would be greatly minimized if Clandestine Services publications were confined to internal policies and implementing procedures for the Office of the Deputy Director (Plans) and did not duplicate information contained in Agency Regulations.

3. If you are not already doing so, I suggest that it is timely to undertake a review of all Clandestine Services publications to amend or rescind those portions duplicated by or in conflict with Agency Regulations.
